# GLIMPSES OF WEBINAR

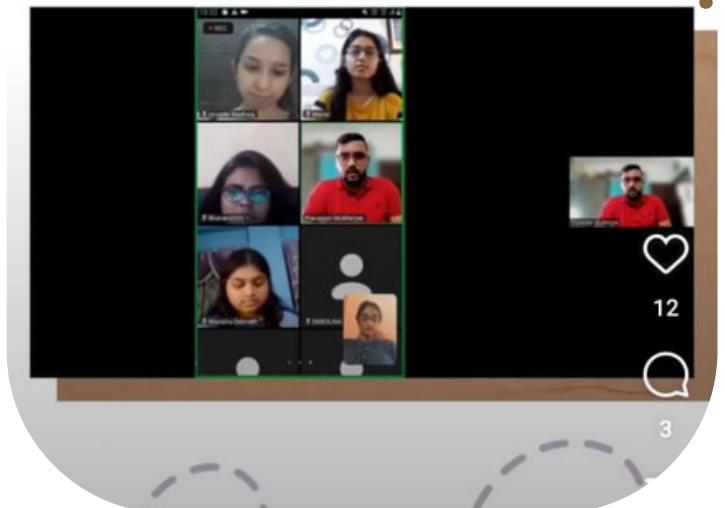

"Internships :  
A better opportunity"

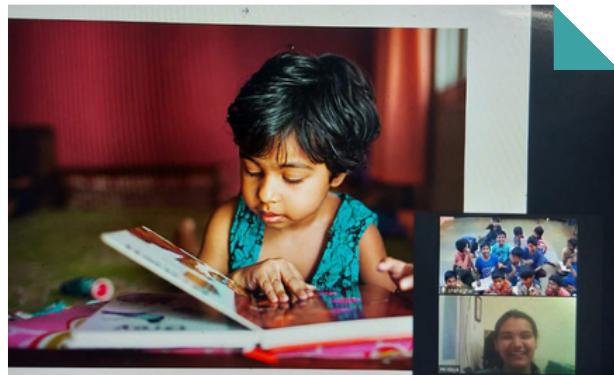

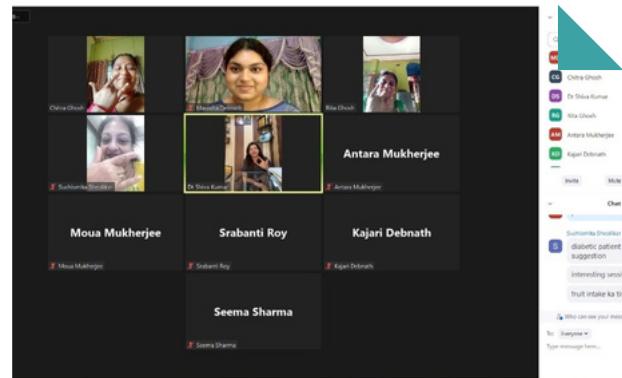

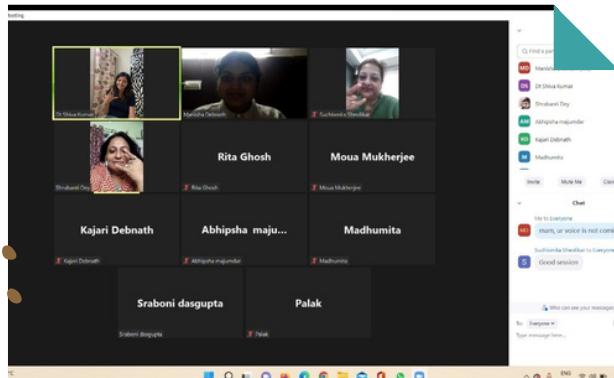

*motivating youth for positive action*

The top part of the image shows a screenshot of a video conference with multiple participants. Below it is a slide with the title "The concept of an Internship". The text on the slide states: "An Internship is an official program offered by organizations to help train and provide work experience to students and recent graduates. The concept of working as an intern began a long time ago but has drastically evolved over years. Internship first started as labourer who would take on young individuals and teach them their art or trade. In exchange for being taught skills, the trainee would agree to work for labourer for a specific time."

The bottom part of the image shows another slide with the text: "Just having a good degree is no longer enough to secure that all important graduate job officer in today's world. Pertinent work experience is now just as valuable as your degree and exam results when it comes to building a successful career. As a result, internships have become an essential way to help candidates make themselves stand out."

# FROM THE VOLUNTEERS

We sincerely thank all the young leaders and volunteers whose selfless ability and hardwork makes every workshop and webinar fun and learning. We also thank all the participants whose enthusiasm makes us look forward to conducting many more sessions. This journal wouldn't be possible without all of you. Any feedback regarding the same is always welcomed and appreciated.
